

ABELE INGENIEURE

IDEAS AHEAD OF OUR TIME.

The Abele Ingenieure have been an experienced solution provider in mechanical and plant engineering for more than 50 years. As experts and innovation partners, we accompany our customers on the path to high-performance automation.

Our strength lies not only in understanding complex processes, but also in taking them to a new level in terms of quality, performance and efficiency. Our creative minds combine individual components to create an efficient whole. From the initial idea to realisation and 24/7 service, we offer everything from a single source.

MAKING INDUSTRIES MORE PRODUCTIVE

- + automation for assembly systems
- + discharging technology
- + handling systems
- + automation for injection molding
- + non-rigid parts
- + robotic & gripping systems

CREATING ADDED VALUE TOGETHER

- + customized, modular systems
- + process-oriented special solutions
- + integration of various additional systems
- + maximum plant availability
- + smart factory: processes and analyses
